"A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption on work. He is the purpose of it. He is not an outsider to our business. He is part of it. We are not doing him a favor by serving him... He is doing us a favor by giving us the opportunity to do it"

OUR STORY

Since inception, SIESCO believed and worked on two priorities. First, our customers, and second the best quality Products. We realized that the road to success is shared by two groups, i.e hard working, enthusiastic sales team providing extraordinary service and value, and the satisfied customers. We go to great lengths to instill pride and dignity into each of our sales personnel while at the same time training them how to provide accurate and pertinent information about products and their value to the end user. We provide the highest level of professional conduct, service, quality, and confidentiality Value represents service and quality.

CORPORATE VALUES

At every level, within SIESCO, there is strict adherence to ethical and fair practices and to the belief that the company should deal with all customers, clients, employees and suppliers in a fair and honest manner.

MISSION

Each and every member of the SIESCO team shares one simple mission; to satisfy the customer time and time again by providing the most quality products available, in an effort to minimize the labour required to perform their daily tasks.

VISION

To become a World Class Company, through Dedicated Focus, Continuous Innovation, Technology, Quality, Safety and providing superior Customer Service while achieving Financial Viability.

OUR PEOPLE

In SIESCO, we act as a team. We are an assembly of highly skilled individuals with demonstrated experience, who are willing to make a total commitment and contribution to the success of the company. Our main resource and greatest asset is our key people.
